TOKEN AND MEDAL MAIL BID SALE # 33 - Closes Friday, June 16, 1989

This sale features transportation tokens, trade tokens, amusement tokens, communion tokens, and military tokens. Also, don't overlook all the Bulk Lots in this sale; they are great for resale at flea markets or antique shops, or for your collection or trading. If you want to bid more than you can afford right now, time payments can be arranged.

MAIL BID SALE RULES & TERMS

1. All bids for this sale must be received no later than the above closing date. All lots sold to the highest bidder. If tie, lot goes to bidder with higher winning dollar total.
2. Minimum bid is 75¢ per lot, unless noted otherwise. Unreasonably low bids may be rejected; unreasonably high bids on common or low value items will be reduced. Bid a definite dollar and cents amount per lot. Estimates when given are generally conservative.
3. Winning bids over \$10 will be reduced to a 20% advance over the next highest bid whenever possible, up to a maximum reduction of 50%. Bids will not be reduced to under \$10 (except possibly when duplicate specimens are available). If duplicates of a lot are sold, the top bidders all get the lot at the same reduced bid.
4. You may phone in your bids (9AM to 10PM my time). No information will be given regarding the status of your bids (current high bid or underbid will not be revealed). Submit your maximum bid; it will be reduced whenever possible (see above). I will give bidding advice (generalities only) to newcomers to the hobby. Sale ends when 15 minutes goes by without a call after 9PM on closing day. Bidding results will not be given out over the phone the first two days after the sale ends.
5. Established bidders will be sent lots with bill and invoice within 2-3 weeks after closing. Others will be billed first. Please pay promptly upon receipt of lots or statement. Postage, insurance, and a 50¢ handling charge will be added to the bill. There is no other buyer fee. Calif. residents must pay sales tax or provide a resale certificate.
6. The Prices Realized list is available for \$1.00, or 50¢ & SASE in advance. Subscription to next 4 sales (catalogues only) is \$4.50. With Prices Realized, \$6.50. (For Canada, \$6.50 and \$8.50; for foreign \$10 and \$13.)
7. Lots may be returned within 5 days of receipt if there is an error in description or material sent. Check your bids for errors and keep a record of your bids. You are responsible for your bidding errors.
8. The lot descriptions generally follow the pattern: Obverse/Reverse; metal, size in mm, condition. See inner back cover for abbreviations used. The illustrations are pencil rubbings or photocopies, and are reduced in size. Cities or states in parenthesis are not on the tokens; objects pictured or comments are also given in parenthesis.

TRANSPORTATION TOKENS

The following extensive offering of fresh material is the bulk of a large collection I recently purchased. No common pieces are listed below. I set aside a few dozen better tokens, plus the foreign tokens, to be run in my next sale (Oct. 1989). Check the listings below carefully, as there are many better pieces, and multiple-token lots. If no grade is given for multiple-token lots, the tokens are in VF or better condition. The minimum bid is 75¢ per lot. Coffee-Atwood catalogue values are given in parenthesis for most pieces cataloging \$1.00 or more. Most such pieces should sell for 1½ to 3 times catalogue, or higher for some.

AMUSEMENT TOKENS

I have been unable to sell my entire collection of amusement tokens (assembled over the past 23 years). So I will be selling the tokens individually and in groups, in my mail bid sales beginning this sale. Everything will be offered, including all the classic rarities and unique early slot machine & manufacturer tokens, rare trade tokens, etc. I will not be listing the modern video & casino tokens, nor most of the Minn. pinball tokens. My collection is filed alphabetically (not geographically as in the catalogue), so I will be listing the tokens alphabetically, with the "A's" offered this sale. For full descriptions of the tokens see the Alpert-Smith 1984 book (available for \$11.00 postpaid); catalog#s are given below. Pay attention to my comments on rarity or approx. # of specimens known, and desirability. "Plate token" means that this is the specimen pictured in an earlier edition of the catalogue.
